

OPEL VIVARO

DOUBLE CABIN PANEL VAN

**OPEL
CERTIFIED
CONVERSION**

OPEL VIVARO AND SNOEKS DOUBLE CABIN

A NEW INTERIOR CONCEPT

The Opel Vivaro double cab conversion is the result of many years of successful co-operation between Snoeks and Opel. Although primarily conceived for new vehicles, the conversion can also be supplied and fitted to vehicles that are already registered. This can be arranged through Snoeks' own manufacturing facility, or through the network of highly competent agencies that the company has built throughout Europe.

FUNCTIONALITY, COMFORT AND LUXURY

The conversion is designed for the complete range of Vivaro Panel Van models, but primarily for those with two side windows and a right hand side sliding door installed ex-works. It can also be supplied with sliding doors both sides. There are three trim levels, Essentia, Edition and Sportive.

Three-seat bench

Extra storage

Load area finishing

Interior cladding

For Essentia and upwards it contains the following components:

- Three-seat bench seat in Opel original fabric covering
- Height-adjustable head restraints
- Full-height dividing bulkhead with safety glass window
- Complete interior cladding for the left-hand side in grey ABS including side pocket and 12-V outlet
- Complete interior cladding for the right hand side sliding door in grey ABS^{1,2}
- Extra storage under the bench seat
- Headlining with 3 LED reading lights²
- Full optional equipment range for personal and business purposes

¹Not with double sliding doors. ²Only available on 'Sportive'.
